About the Estate:

Located in Mauleon d'Armagnac - heart of the Bas-Armagnac vineyard (South West of France) - Pepouy estate was established in the 17th century by the Piffard Family, and now spreads over 135 Ha (333.6 Acres), including 52 Ha (125.32 Acres) of vineyards.

Surrounded by forest and lakes, Pepouy is a haven of peace, a unique place where nature runs wildly free. Besides their production of the ancestral and more famous "Eau-de-vie des Rois" Bas-Armagnac belonging to our Spirits' assortment, Pepouy vineyards also produce unique Cotes de Gascogne IGP wines White & Rose, from Sables Fauves "boulbenes" terroir, mostly exposed East.

Born and raised in the South-West of France, Franck has known Frederic Piffard and has regularly tasted Pepouy wines for over a decade, and we are happy to suggest their tremendous Gascony IGP wine, starting with the amazing value, crisp and citrusy Sauvignon Cotes de Gascogne & also the Rose from the 2021 Vintage.

Surrounded by forest to protect the humidity from the Atlantic Ocean, proximity with the Pyrenees mountains; Gascony is known to be the wine region in France to have less climate changes effect on vines.

Tasting Notes: CRISP - CITRUSY - FRESH

Harvested at the proper time & early in the morning to keep the acidity and all what we love and wish from Pepouy's pleasures and value: Appealing zesty nose on citrus, apples, apricot and floral notes. Bright and fresh palate, with so aromatic and tonic length. Impeccable!

Food Pairing:

Shellfish, fish, winter citrus salad
